

US T I L E  
A Boral Roofing Company

# Two-Piece Mission

First appearing in the Bronze Age, on the temple roofs of kings and refined through fire-baking by the ancient Greeks, two-piece clay tile has been the ultimate roofing product for millenniums. Our highly refined modern manufacturing techniques have enabled US Tile to improve on the ageless tradition and style of traditional two-piece clay tile design, and deliver color fast, durable products that will last a lifetime.
